

Gartner® CATALYST CONFERENCE

ARCHITECT YOUR DIGITAL ECOSYSTEM

August 20 – 23, 2018 / San Diego, CA
gartner.com/us/catalyst

Your greatest challenges. Our unbiased advice.

Register today and get access to two private 30-minute consultations with Gartner analysts on topics of your choice. Meet the experts who'll be on-site and check out their most-fielded questions.

Meet the Gartner analysts

Jon Amato
Director

FOCUS AREAS: Endpoint and mobile security; network security; security operations and vulnerability management

Joseph Antelmi
Senior Analyst

FOCUS AREAS: Artificial intelligence; data management strategies; building and sustaining dependable infrastructure; analytics and BI strategies

Soyeb Barot
Director

FOCUS AREAS: Artificial intelligence; analytics and BI strategies; data management strategies; data and analytics programs

Anna Belak
Principal Analyst

FOCUS AREA: Increasing data center agility through orchestration, automation, virtualization and container technologies

Daren Brabham
Director

FOCUS AREAS: Artificial intelligence; analytics and BI strategies; data management strategies; data and analytics programs

Danny Brian
Vice President and
Gartner Fellow

FOCUS AREAS: Application development; improving application user experience (UX); web app architecture

Matthew Brisse
Vice President

FOCUS AREAS: Building and sustaining dependable infrastructure; accelerating infrastructure innovation and agility; improving vertical-industry go-to-market effectiveness; data management strategies; aligning IT, IoT and operational technology investments

Mindy Cancila
Managing Vice
President

FOCUS AREAS: Public cloud management; cloud adoption strategy; public, private and hybrid

Godfrey Chua
Director

FOCUS AREAS: Internet of Things (IoT); exploit communications service provider (CSP) market dynamics

Traverse Clayton
Director

FOCUS AREAS: Developing apps in the cloud; application strategy and governance; application architecture

Henry Cook
Director

FOCUS AREAS: Big data architecture and business cases; analytics and business intelligence

Mark Cortner
Director

FOCUS AREAS: Planning, selecting and deploying unified communications and collaboration; VoIP

Gartner® CATALYST CONFERENCE

ARCHITECT YOUR DIGITAL ECOSYSTEM

August 20 – 23, 2018 / San Diego, CA
gartner.com/us/catalyst

Meet the Gartner analysts (continued)

Mike Cox
Director

FOCUS AREAS: Architecting, implementing and configuring SharePoint; digital workplace programs; Office 365, G Suite or other cloud Office initiatives

**Thornton Jared
Craig**
Director

FOCUS AREAS: Hybrid and cloud integration; streaming ingestion; master data management

Kyle Davis
Director

FOCUS AREAS: SharePoint architecture and topology; SaaS; Office 365 performance and management

Brad Dayley
Director

FOCUS AREAS: Modernizing application architecture and infrastructure; application development strategies for digital business; modernizing integration strategies and infrastructure

Mario de Boer
Vice President

FOCUS AREAS: Protecting endpoints against advanced malware; protecting email against malware, phishing and other threats

Paul DeLory
Director

FOCUS AREAS: Automation; selecting hyperconverged, integrated systems — vendor or product; deploying or maintaining virtual systems; infrastructure consolidation and modernization

Bill Delrieu
Director

FOCUS AREAS: Implementing and configuring digital analytics platforms; providing the right digital analytics dashboards and reports for the business; implementing, configuring and optimizing tag management systems; defining and implementing data exports and imports to/from analytics platforms; best practices for implementing data layers on web and mobile sites

Mark Diodati
Vice President

FOCUS AREAS: Privacy; identity and access management

Michael Disabato
Vice President

FOCUS AREAS: Mobile enterprise strategy; mobility management: enterprise mobility management (EMM), mobile device management (MDM), etc.; bring your own device

Homan Farahmand
Director

FOCUS AREAS: Identity governance and administration (IGA); authorization; identity and access management (IAM) program and organization; blockchain and decentralized applications (dapps) in IAM

Andrew Garver
Director

FOCUS AREAS: Mobility strategies and management (EMM, MDM, etc.)

Peter Havart-Simkin
Director

FOCUS AREAS: Internet of Things; IoT cloud platforms and services; IoT strategy; industrial IoT; digital twins

Erik T. Heidt
Vice President

FOCUS AREAS: Comparing and selecting IoT architecture components and providers; designing and architecting IoT solutions with a focus on security and risk issues

Kyle Hilgendorf
Managing Vice
President

FOCUS AREAS: Cloud computing strategy, design and implementation; evaluating and assessing cloud computing providers

Bill Holz
Director

FOCUS AREAS: Adoption of agile development methodologies and other software development life cycle (SDLC) best practices; adoption of DevOps; developing web applications

Peter Hyde
Director

FOCUS AREAS: Application development strategies for digital business; modernizing integration strategies and infrastructure; modernizing application architecture and infrastructure

Gartner® CATALYST CONFERENCE

ARCHITECT YOUR DIGITAL ECOSYSTEM

August 20 – 23, 2018 / San Diego, CA
gartner.com/us/catalyst

Meet the Gartner analysts (continued)

Tony Iams
Vice President

FOCUS AREAS: System platform selection (x86 vs. RISC/Unix); system architecture strategy evaluation of system software choices (operating systems, virtualization)

Sean Kenefick
Vice President

FOCUS AREAS: SDLC; software testing; application life cycle management; open-source development tools; DevOps

Elias Khnaser
Director

FOCUS AREAS: Cloud computing technology; cloud service providers; infrastructure as a service (IaaS); desktop as a service (DaaS); virtual desktops and application delivery

Eric Knipp
Managing Vice President

FOCUS AREAS: Building applications in the cloud; planning, designing and running a successful web API; developing web applications

Kirk Knoernschild
Vice President

FOCUS AREAS: Mobile application architecture and development; software architecture and architectural agility; programming languages

Ramon Krikken
Vice President

FOCUS AREAS: Application and data security; cloud security; mobile, endpoint and wearable computing strategies

Mark Lockwood
Director

FOCUS AREAS: Virtual desktop infrastructure (VDI) design and implementation; application delivery (XenApp, SBC, workspace aggregation) design; DaaS

Eric Maiwald
Managing Vice President

FOCUS AREAS: Network security controls and infrastructure zoning; network access control; network security controls in virtualized environments

Marco Meinardi
Director

FOCUS AREAS: Cloud strategy; cloud management; IaaS provider comparison and selection

Sanjeev Mohan
Director

FOCUS AREAS: Big data frameworks and related technologies; data storage, including Hadoop, NoSQL; data integration and data transformation strategies

Greg Murray
Director

FOCUS AREAS: Machine learning; analytics; AI and AI in the cloud; cloud strategy; IT operations strategies; automation

Gary Olliffe
Vice President

FOCUS AREAS: Service-oriented architecture (SOA) and application architecture; application and integration platforms; portal and web strategies; SharePoint; enterprise architecture program

Sumit Pal
Director

FOCUS AREAS: DevOps; cloud platforms; advanced analytics; big data; PlatformOps

Bill Pray
Managing Vice President

FOCUS AREAS: Evaluating and implementing cloud SaaS delivery; evaluation and implementation best practices for communication and collaboration technologies

Simon Richard
Director

FOCUS AREAS: Cloud-based networking; network virtualization and SDS cloud strategy; containers

Lori Robinson
Vice President

FOCUS AREAS: User account provisioning; identity and access management; role management

Gartner® CATALYST CONFERENCE

ARCHITECT YOUR DIGITAL ECOSYSTEM

August 20 – 23, 2018 / San Diego, CA
gartner.com/us/catalyst

Meet the Gartner analysts (continued)

Lyn Robison
Vice President

FOCUS AREAS: Databases; master data management; databases in the cloud; distributed systems

Mary Ruddy
Vice President

FOCUS AREAS: Single sign-on (SSO); IAM management preparations for Office 365; protecting APIs

Carlton Sapp
Director

FOCUS AREAS: Data ingestion architectures on-premises and in the public cloud; event stream processing and complex-event processing; machine learning algorithms

Jeff Skowron
Director

FOCUS AREAS: Digital commerce: enterprise commerce implementation; solution upgrades and integration; operational management and process

Darin Stewart
Vice President

FOCUS AREAS: Creating an effective content management ecosystem; optimizing enterprise search

Douglas Toombs
Vice President

FOCUS AREAS: Evaluating colocation and/or hosting/cloud IaaS providers; planning migrations of applications into cloud/hosting architectures

Angelina C. Troy
Director

FOCUS AREAS: Building and sustaining dependable infrastructure; cloud computing; accelerating infrastructure innovation and agility

Alan D. Waite
Director

FOCUS AREAS: Cloud computing; hybrid cloud computing; implementing a private cloud

Richard Watson
Vice President

FOCUS AREAS: Cloud-native application architecture; cloud strategy; cloud provider assessment; DevOps and GDPR cloud compliance

Mike Wonham
Director

FOCUS AREAS: Application and data security; information security management program; risk management program; security compliance and audit management; security operations and vulnerability management; DevOps; cloud skillset and brokering cloud services
